

Plastic Free July Day 31: SHARE!

Our final challenge is to **share the information you have gathered!** SHARE this post with friends, and highlight one action you have taken this July to reduce your single-use plastic use.

Are your kids interested in the ocean? Check out this amazing resource by Common Seas: Ocean Plastics Academy, a resource sharing ocean plastics educational tools <https://commonseas.com/projects/ocean-plastics-academy>

The [Think Like It's 1620 Remote Cleanup](#) is TODAY! Find a local place to clean for 16 minutes and 20 seconds, and share what you find through the CleanSweep app! Sign up for your beach for more information.

Today is also the last day to watch a virtual screening of [The Story of Plastic- Free Virtual Screening!](#) Share this event with your friends around the world; it is viewable from anywhere! We will also be offering a talk-back about the film and hold community discussion on plastic pollution on Monday, August 3rd at 6pm with Laura Ludwig, director of the Marine Debris and Plastics Program at CCS, and Madhavi Venkatesan, director of Sustainable Practices. Learn more here: [Plastic: Local Impact and Call to Action \(FREE EVENT\)](#)
